At Crans-Montana, most of our ski runs are easy and accessible for all levels, with 140 km in all.

There's also plenty for walkers to enjoy. They have their own dedicated space, with 65 km of waymarked footpaths.

The Severiano Ballesteros 18-hole golf course is absolutely wonderful in winter: a unique, sun-drenched backdrop that's a much sought-after site for walks and cross-country skiing. There are few places like it.

And for the children, there's snow tubing, a sledging strip, moving walkway, and fat skis for beginners... all within easy reach!

SIMPLY THE PERFECT SETTING FOR A GREAT FAMILY WINTER VACATION!
